

ARTICOLE DE SPECIALITATE PUBLICATE LA NIVEL NAȚIONAL ȘI INTERNAȚIONAL

- [1] Iterative Learning Control for a Rotary Flexible Joint Experiment,
20th ICCC, 26-29 May 2019, Wieliczka, Poland;

- [2] Control of a Rotary Flexible Joint Experiment based on Reinforcement Learning,
2020 21th International Carpathian Control Conference (ICCC);

- [3] Reinforcement Learning for the Control of Bacterial Growth Bioprocess
2021 25th International Conference on System Theory, Control and Computing (ICSTCC);

- [4] Intelligent Control of a Permanent Magnet DC Motor,
2021 22nd International Carpathian Control Conference (ICCC)

- [5] DC Motor Control based on Integral Reinforcement Learning,
2022 23rd International Carpathian Control Conference (ICCC)

- [6] Robust Filter Design for Uncertain Stochastic Time-Delay Systems,
SINTES-12, 2005, Craiova;

- [7] Continuous to Discrete Model Conversion of a System with State Delay,
ANNALS OF THE UNIVERSITY OF CRAIOVA, 2004 Volume 1(28) no.1;
